## Summary

Passionate about technology and eager to apply knowledge and skills to a dynamic job opportunity. Well-versed in computer science, with a commitment to excellence and a hunger for continuous learning. Ready to contribute meaningfully in a professional environment.

## Experience

### Infosys

May 20, 2024 – June 14, 2024

#### iOS Developer Intern

Mysuru, Karnataka

- Dived into iOS Development, mastering SwiftUI, Swift, and API integration using Postman, while honing skills in Xcode.
- Embraced Agile methodologies, contributing to team management and enhancing presentation skills and understanding of Scrum practices.
- Improved problem-solving abilities, time management, and effective dialogue skills.

## Projects

### Napix | UIKit Storyboard, Swift, AVFoundation, CoreML, VisionKit, Node.js, Xcode

April 2024 – May 2024

- Nap!X empowers logistics teams with real-time driver monitoring, alerting drivers to drowsiness for enhanced safety and cargo security on the road.
- GitHub: [https://github.com/Tushar20-20Mahajan/Naplx\\_ThoseltGuys](https://github.com/Tushar20-20Mahajan/Naplx_ThoseltGuys)

### Cricket Quiz | Kotlin, Android Studio

July 2023 – August 2023

- Developed an engaging cricket quiz application allowing users to answer 10 questions to test their cricket knowledge.
- GitHub: <https://github.com/Tushar20-20Mahajan/CricketQuizApp>

## Education

### Chitkara University

August 2021 – June 2025

Bachelor of Computer Science and Engineering (GPA: 9.44 / 10.00)

Rajpura, Punjab

- **Specialization in iOS Development**
- **Relevant Coursework:** Data Structures and Algorithms (Java), Swift Programming, SwiftUI, iOS Frameworks, Computer Networks, OOPS, DBMS (Database Management System)

### MDK Senior Secondary School

April 2020 – June 2021

XII (Percentage: 79.40%)

Pathankot, Punjab

- **Relevant Coursework:** English, Physics, Chemistry, Mathematics, Painting
